# Why DigiAudit?

You can't digitize without vision and strategy

- insufficient digitisation of processes
- inefficient information sharing
- faster reaction to changes
- easier adaptation to new trends

Companies whose Industry 4.0 implementation is more mature report stronger ability to respond to crisis.

How has your perception of Industry 4.0's value changed since the pandemic?

Respondents, %

Industry 4.0 is more valuable

65

Industry 4.0's value is unchanged

23

Industry 4.0 is less valuable

12

# What is DigiAudit?

## Independent expert methodology

→ unique methodology developed by the **National Centre for Industry 4.0** in cooperation with academic and corporate czech and foreign partners
